How do I service my ride control for my 1994 Cadillac eldorado  
On my 1994 deville when i start the car im getting a service ride control message. the car rides fine and still has a good suspension underneath it. I believe that the car has adjustable ride control but its just not adjusting. if anyone has any information on this it will be appreciated.

Rough Riding Caddies. Cadillac models from the early to mid-'90s are equipped with speed sensitive suspensions (SSS), and are prone to display the "Service Ride Control" message on the driver information center. I have worked on several of these vehicles, and they all seemed to have a I039 diagnostic trouble code, indicating an instrument cluster/speed sensor problem.
